

# Killarney Outfitters

## Killarney Provincial Park Lake and Portage Descriptions

### **George Lake Access Point, Killarney Provincial Park**

#### **About your route:**

Killarney Provincial Park (KPP) offers dramatic scenery and a variety of routes for the novice and experienced paddler. The Killarney Ridge and Blue Ridge area is a favorite for many visitors because of the area's beauty and white quartzite cliffs!

To estimate tripping times we use an average paddling time of 3-4 km/hour (this will vary depending on the group's experience and weather). The following is an outline of the trip. Please keep in mind that camping on sites in KPP is first come, first serve; a spot on a specific lake is reserved, not a specific site. Please let us know if there are any questions about the route.

#### **Getting Started:**

On the morning of your arrival, permits will be ready for pickup at the KPP main office (George Lake Campground). The Killarney main entrance can be found on the north side of Hwy 637, approximately 55 km from the Killarney turnoff from Hwy 69.

Killarney Outfitters is located five minutes past the park entrance and approximately 4 km before the village of Killarney. Stop by and visit us to pick-up gear and settle the balance owing on rentals. Once the rentals are finished processing, retrace the drive and backtrack to the George Lake access point. Unload gear at the water's edge then park in the parking lot during the trip (make sure to put a parking permit in the vehicle). Time to start the adventure!
